PRESS RELEASE

SUBJECT: CONSTRUCTION DATES OF THE NEW DE AAR HOSPITAL

DATE: 31 July 2016

THE CONSTRUCTION PROCESS

The hospital was constructed in three phases and these phases were further split into six (6) different contracts.

- Phase 1 entails the construction of the perimeter fencing, a water reservoir and housing for medical personnel which commenced during October 2010.
- Phase 2 entails the construction of the TB Facility which commenced during August 2011 and was completed during January 2014.
- Phase 3 entails the construction of the Main Hospital which commenced during November 2011 and was completed during April 2016, but was granted extension due to the fact that additional work was added such as the installation of medical equipment and the building of the hospital management system.

Ms. Crystal Robertson
