## **Subject: Houses left to fall into ruin**

The Department of Roads and Public Works as the custodian of all immovable property (as designated by the Premier in the Province), handed the houses in Memorial Street to the Department of Health for the purpose of accommodating doctors and nurses. Further enquired can be referred to them.

As government we take cognizance of the concerns of the public. We assure the public that the Department of Roads and Public Works and the Department of Health is working collaboratively to determine the way forwards in terms of these state houses.
