## **SUBJECT: NON-PAYMENT OF KAZIA ENGINEERING**

The banking details of Kazia Engineering changed and in accordance with Treasury regulations; it is the responsibility of the service providers to ensure that their details are immediately updated on the Central Supplier Database. Approximately a week ago the department informed the Management of Kazia Engineering and they confirmed that they are working on the verification of their new banking details. In addition to this Kazia Engineering deleted their profile from the system and submitted their new information to Treasury. The department is not involved and does not play a role in the registration process itself.
